

# Emerald Tablets Summary

## What Are the Emerald Tablets?

The Emerald Tablets of Thoth the Atlantean are ancient teachings carved in indestructible green crystal stone. Not mythical. Not symbolic. Literal energy tech hidden in coded writing. These weren't written for entertainment — they were written to preserve truth during planetary collapse. Thoth, also called Djehuti or Tehuti, was an Atlantean high priest, scientist, and master of energy and dimensional navigation.

## YOU ARE ENERGY – AND YOU CAN MASTER IT

“Man is in process of changing to forms that are not of this world.” We are not just flesh. We're energy beings caught in cycles of birth, death, and memory loss because we've forgotten who we are. These cycles are artificial. You were meant to evolve into something higher — and Thoth tells you how.

## THE DARK BROTHERS ARE REAL – AND STILL RUNNING THINGS

“They walk among men, but unlike man.” Thoth warns of the Dark Ones who control from the shadows. They feed on fear, distraction, addiction, and spiritual blindness. They shape-shift and infiltrate every system — including religion, media, and politics.

## EARTH FELL FROM A HIGHER FREQUENCY

Earth was once a high-vibration learning ground. But it fell — Atlantis fell, Lemuria fell — and each time, truth was buried under stone, war, and rewritten history. The Tablets are one of the few things that survived.

## PYRAMIDS ARE ENERGY MACHINES – NOT TOMBS

“Built I the Great Pyramid, patterned after the pyramid of Earth force...” The Great Pyramid of Giza is not a tomb. It's a resonance chamber designed to harness Earth's natural grid and amplify frequency. It acted as a transmission gate aligned with star systems — and Thoth built it himself.

## THE LIGHT BODY IS YOUR WAY OUT

“Raise your frequency, become the flame.” Thoth speaks of awakening the Merkaba — your spinning light field that lets you move through dimensions consciously. Breath, silence, and focused will activate it.

## SILENCE IS POWER

“Find the silence. There the light reveals.” This isn't passive silence. It's commanded calm — inner stillness where your centers align and memory activates. Truth comes in the stillness.

## What They Don't Want You To Do

- Remember your soul path - Reclaim your energetic authority - Activate your light body - Break their control system - Leave the reincarnation loop by choice
